

DURING TRIPS CHECKLIST

✓ THINGS TO CHECK DURING YOUR TRIP

Your guide to checking you caravan during a trip

While travelling and making memories, it is critical that you give careful consideration to your tow vehicle and caravan while travelling as situations can change as you travel.

Caravanning is where memories are created, to ensure safe and happy travels follow the below caravanning tips for safe and pleasant travels.

Things to check during your trip

- Always check your weights before travelling, as the weights will change if you use water, gas or remove some of your belongings.
- Check that the couplings and chains are still securely fastened.
- Check that the brakes and wheel bearings are not overheating, by comparing to your car brakes.
- Check that light connections are still secure and that all lights are working.
- Check that the tyres are still sufficiently inflated and in good working order.
- Check that the load is still secure.
- Check that the roll-out awning is properly locked in the travel position.
- Check your utilities such as water, gas, battery power is at the appropriate levels for your needs. Nothing like getting to your next stop and having no water.
- Remember to empty your toilets and any rubbish at the appropriate locations.
